

“The SA Aquatic and Leisure Centre chose METRA Australia for the supply and installation of new lockers in the Health Club and we couldn't be happier with the outcome.

From initial contact to final installation METRA Australia's team have been an absolute pleasure to deal with and the product options available are extensive to say the least. The RFID system works seamlessly and we have had only positive feedback from our members, guests and staff regarding the ease of use.

I would highly recommend METRA Australia and their products when exploring the options for new or replacement lockers.”
